

2012 National Spearfishing Championship Results (Women & Juniors)

Competitors found the water a bit cooler than expected and quite dirty close to shore, the effects off last week's rain and some on-shore waves. Very good result for a new competitor in the Women's Competition with Karlean Going, a Northland resident, outfishing some other experienced women competitors.

The Junior competition was won 'for the last time' by Todd Herbert. After several years of dominating this event next year his age will move him to the Open Competition category.
